## Higher Order Thinking Skills/Strategies

At BCS we are helping our students to learn to develop skills to answer questions critically. This has involved the use of a scaffold or matrix called ALARM (A Learning and Responding Matrix). This has been shown to improve the quality of written responses by students to gain more marks in written examinations. An example of the matrix is shown here.

Senior ALARM Steps 10 – 12

## Australian Schools Competitions 2017

The Australian Schools Competitions run by the University of New South Wales will be on again this year. Competitions are held in schools throughout Australia and the Pacific. All students from Years 2 to 12 are encouraged to participate.

Participating in the competitions is good practice for the students in undertaking external examinations (e.g. Naplan and HSC). All students receive a certificate of participation or for those students who perform well, certificates of merit or even distinction.

Entry fees (subsidised by the school) are \$5.00 for each student for each competition, except for the writing competition which costs \$12 and the primary spelling competition which costs \$7.00 (these last two are hand marked by specialists in their fields which is why they cost extra). The entry form is included in this week's Gazette and is due back with the payment to the school office by **Friday March 10**.

**Please note Year 2 students now eligible for entry to all competitions except Computer skills & Writing.**
