## Principals Report

### Academic Reports/ Parent-teacher interviews

All reports should have been received home by now. They were sent home with students last Friday. If your child was absent on Friday, they were posted early on Friday. If you have not received your report, please contact the school and we will reissue a new report.

Thank you to the parents and staff for your participation in the parent-teacher interviews.

As always, if you have any concerns or questions regarding your child's education, please don't hesitate in contacting your child's teacher.

### Communication

We are increasing our use of electronic communication through School Bytes with families, such as sending a reminder for the parent-teacher interviews and links for registering, as well as permission notes for excursions. This will only work if your contact details are up to date. Please ensure your email address is current with the front office.

We will continue to provide written advice to families who prefer hard copies.

I also want to remind you to please contact staff through the following channels:

- School phone: 6963 9202
- School mobile: 0439 617 785
- School email: [barellan-c.school@det.nsw.edu.au](mailto:barellan-c.school@det.nsw.edu.au)

Staff should not be contacted for professional reasons through their personal platforms (social media or mobile phone). Our professional staff deserve boundaries between work and personal life, and you can show your support for them by maintaining those boundaries.

### Financial support for families

As a school, we have a proud tradition where we rarely ask for financial contributions, and we heavily subsidise extracurricular activities. No student misses out on a quality education due to the size of their parent's purse. If you need financial support, please contact me at school to discuss what support can be provided.

Finally, I wish you the very best for the winter break. Winter is a great time to snuggle up in front of a fire with a book. The school will be open on Monday 22 July for a school development day, and students return for classes on Tuesday 23 July.

Warm regards,

Paul Laing  
Principal

## DOVES

(Department of Student Voices in Education and Schools)

On the 11th of June, Ellie Haddrill and Harper Kenmir had the opportunity to meet with students from across the directorate in the DOVES council meeting.

DOVES is the Department of Student Voice in Education and Schools, and it is designed to give students an opportunity to advocate for themselves and their peers' needs in schools.

## 7/8 Technology

7/8 Technology class were learning about kinetic energy and how to harness it to make a Rube Goldberg machine today. We started with a basic experiment in kinetic energy and the build-up of force before starting to design our own contraption where we think up complicated ways to complete a simple movement (in this case a marble).

Students were interested in how they could expand on their ideas and discussed ways they could make their own machines from found materials at home.

What is a Rube Goldberg machine? Have a look at the following link for an example: [Giant Kids' RUBE GOLDBERG Machine! | Kids Invent Stuff \(youtube.com\)](https://www.youtube.com/watch?v=...)

**Awards**

On Wednesday afternoon, the students played a friendly game of touch and t-ball – QLD vs. NSW – to get into the spirit for the State of Origin Game 2.

There was a lot of banter and good-natured jest among the crowd and players. NSW came away with wins in both games, which must have been an omen for that night's game.

# MND DAY

THURSDAY 27TH JUNE 2024

BCS held an MND Ice Bucket fundraiser to raise much-needed funds for Motor Neurone Disease (MND) research. We would like to extend a heartfelt thank you to everyone who was involved in making the day a success.
